100% Sugarcane Flexible Tubes

SUGARCANE TUBES (Biopolymer)

-Made from 100% Green Polyethylene derived from sugarcane.
-Available in STANDARD, SOFT and HARD blends to suit your needs.
-100% recyclable and BPA free

Minimum order:
10,000 units per product type / volume

Volumes:
30ml, 50ml, 100ml, 200ml, 250ml

WHY USE SUGARCANE TUBES?
The production process of Green Polyethylene helps preserve the environment by capturing CO2 from the air, thus contributing positively to fighting the greenhouse effect.

50% PCR Flexible Tubes

POST-CONSUMER RECYCLED (PCR) TUBES

-Produced from recycled plastics from European household waste supplied by certified suppliers.
-50% PCR content (EU regulatory limit)
-100% recyclable

Minimum order:
10,000 units per product type / volume

Volumes:
30ml, 50ml, 100ml, 200ml, 250ml

WHY USE PCR TUBES?
The use of PCR in packaging production contributes to the environment by reusing already existing plastics to produce new products, preventing waste plastics from piling up.
